# Kikki Holder-Johnson

This will be where I will show off my learning portfolio. I am in the middle of Full-Stack Engineer Career Path in Codecademy. At the end of each unit is a personal portfolio project for hands on exercise.

Mixed Messages	Personal Portfolio Website	Reddit Client	E-Commerce App	Open-Ended PERN App

I had to build a Node.js console app that generates random messages each time a user runs the program and log the version project with Git/GitHub. The theme was, "what should I make for dinner tonight?"
